

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood.

Thousands of mothers have written letters of thanks, telling what

Foley's Honey and Tar

has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup.

Mrs. Ada Sanders, Coatesville, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It has cured our two girls when they have coughs."

Give Candy Cascarets to a Bilious, Constipated Child

"Mother gives me a candy Cascaret when I am cross, sick and won't play."

TO MOTHERS! Each ten cent box of Cascarets, candy cathartic, contains full directions for dose for children aged one year old and upwards. Nothing else "works" the nasty bile, sour fermentations and constipation poison from the tender little bowels so gently, yet so thoroughly. Even cross, feverish, bilious children gladly take Cascarets without being coaxed. Cascarets taste just like candy. Cascarets never gripe the little bowels, never sicken, never injure, but above all, they never disappoint the worried mother.

DANIELSON

Chief A. P. Woodward of the fire department has plans for its reorganization, as will be made necessary by the playing of the new automobile truck in service in the very near future. The truck is now en route to Danielson.

A new company to man the splendid new piece of apparatus will be formed from memberships in the present companies. There will be keen competition for places in the new company which will include four experienced drivers, so the chief's task is not going to be an easy one, though the men of the department can be trusted to leave the selection to Chief Woodward's good judgment, which has been many times manifested in handling fire department affairs.

It was stated Monday that a special borough meeting may have to be called unless a deal is struck to allow the renewal of the borough's contract with the Crystal Water company for hydrant service to go over until the annual borough meeting in April, a matter of about two months.

The point is that the old contract between the borough and the water company expired a few days ago and at the present time, therefore, there is no fixed agreement between the parties. It is understood, however, that the use of the hydrants is available to the borough in case of need, for the water has not been shut off.

Ten years ago when the contract that has just expired was made, the agreement as drawn was passed upon in a special borough meeting. At the present time there is an effort to secure a reduction in the annual rate per hydrant of \$30 to \$25. It is understood that there have been conversations recently between representatives of the borough and of the water company, but without definite results. The matter is an important one, inasmuch as there are 51 hydrants in the borough, and out of the service is in excess of \$1500 a year.

Only a very few years ago one frequently read and heard that there were too many physicians in the country, but it is certainly not true now at least as regards some of the districts hereabouts.

At that part of Rhode Island running along the eastern border of the town of Killingly and the town of Plainfield and representing a large area there is not one resident physician at present. The water company, it is true, has a doctor on call, but he is not at his own home and his practice at home and in the more immediate vicinity and other physicians will not consider calls from the territory while the water is reached from Danielson over poor roads, so poor, in fact, that some of the garages will not rent a car to be driven there at certain times of the year, particularly in the winter and early spring.

For that, doesn't help out the people who would like to have a doctor handy. There they are, out in the country, facing whatever life may befall them—"doctor twenty miles away."

If there is a physician in Connecticut that isn't satisfied with his practice, he can do a great service to humanity—and keep busy at his profession—by going into the territory mentioned.

Figures are not available yet to show the condition of borough finances as they are likely to be at the end of the fiscal year, which is near at hand, but it is stated by a borough official that, were it not for the purchase of the new water truck, the borough would be in a very tight place.

PUTNAM

Legislators are warning residents in nearby towns who are interested in having state road work accomplished this year, to make known at once their desires at Hartford, for the session is to be a short one.

Some of the mills hereabouts have gone the 48-hour programme a lap better. The town of Thompson now has a plan to run three days each week and some other plants are on a 48-hour schedule, this due to the uncertainty of the over-stocked market conditions.

The coming this evening of the district deputy exalted ruler to Putnam lodge of Elks and the programme that has been arranged for the reception will mean a gathering here of a large number of members, including those from the surrounding towns.

Grangers who are members of Quinebaug lodge are planning to have a Washington's birthday for a meeting in Odd Fellows hall. The morning session is to open at 10.45 for general business. Newly elected officers are to be installed at this meeting. Charles M. Gardner, high priest of demeter, acting as installing officer. The usual program will be followed. The dinner is to be served by the members of Putnam grange.
